Back   Install   Cancel

step 3: open vm ware

when vm ware get opened it will ask pass and email dialogue box

 then type in email dialogue given below
 email :abcd@gmail.com

and then give finish

step 4: extract the hadoop spark folder and then open virtual machine

when vm ware get opened it will ask password just give upper case and lower case letters

step 5:

click play virtual machine

login to hd user password hduser

or

there is an error virtualization

you need to enable virtualization in bios setup in HP f10 or f9 or f11 other laptops or desktops based on the configuration you need to search how to open bios for your systems

intel virtual technology to be enabled after that give save or option shown

and then repeat step 5:
